ASSOCIATE MEMBERSHIP EXPRESSIONS OF INTEREST

phic-hedland.com.au

The Port Hedland Industries Council (PHIC) is seeking Expressions of Interest from Port, marine and mining related supply chain businesses, related training providers to participate in PHIC.

PHIC acts collaboratively for the benefit of industry and the Port Hedland community to ensure long term sustainable growth of the Port.

PHIC provides a forum for information sharing and knowledge transfer and assists partner companies to manage and minimise the impact of industry on the community.

Through its members, PHIC brings substantial industry expertise, provides a cohesive voice for industry and is a single industry wide point of contact for government and community concerning industry development, environment and land-use planning.

PHIC is an incorporated organisation led by our Chief Executive Officer and Business and Community Manager who advocate for industry on behalf of members.

PHIC takes a collaborative approach and works to achieve its goals through committees set up to actively participate in, and provide input, on a range of common issues and challenges.

PHIC members create jobs, support local business and create prosperity for the town of Port Hedland

Current Members

Associate Member

ASSOCIATE MEMBER BENEFITS¹

Being a PHIC member provides you with:

Strong Industry Associations

- PHIC is an independent facilitator of industry and community collaboration in Port Hedland. Associate Membership provides access to develop positive working relationships with other PHIC members built around the strength, knowledge and experience of the group.
- Associate Members will be invited to present business overview and objectives to PHIC Shareholders. This will be facilitated by PHIC through an introductory email once Associate Membership is confirmed.
- Potential to contribute to PHIC policy development and submissions by exclusive invitation.
- Participation in educational initiatives, community and social initiatives by exclusive invitation.
- Regular updates on PHIC environmental and community initiatives.
- Potential for site tours of PHIC A-Class and B-Class Member operations by exclusive invitation.

Industry and Community brand awareness

- Promotion through PHIC materials including an article in PHIC's quarterly newsletter on a topic relevant to stakeholders (not purist marketing promotion), logo on website and other electronic or printed resources.
- Increased business opportunities for Associate Members that arise from PHIC supporting the growth of the Port.

- Opportunity to sponsor PHIC initiatives (social and environment) to be co-branded with PHIC logo.

Industry and Community event participation

- Invitations to at PHIC community activities such as the bi-annual Pilbara Producers Forum and Welcome to Hedland.
- Invitation to present business overview at quarterly PHIC Community Industry Forum (CIF).
- Invitation to participate in professional development and upskilling workshops.
- Opportunity to participate in the State Wide Array Surveillance Program and the Vertebrate Pest Management Program.
- Invitation to attend annual PHIC Port Hedland Industry dinner with all PHIC members.
- Participation in PHIC social activities.

Industry Information

- Information on trends, developments and issues potentially impacting producers/operators across a range of topics such as health, environment, safety, security, risk, energy supply, emissions, community, government etc.
- Access to PHIC Executive for intel on ESG issues relevant to Port Hedland and wider industry.

Industry Reporting

- Inclusion in Port Hedland Supply Chain Economic Impact assessment.
- Inclusion in PHIC Factsheets

¹ The Associate Membership provides the opportunity to connect with the lead operators in Port Hedland that work collaboratively with independent facilitator the Port Hedland Industries Council.

Associate Membership does not include voting rights nor guarantee direct access to Class A and B member operations outside of industry and social events. The PHIC Executive will not act as a business development conduit for Associate Members or provide introductions to other members outside of specific PHIC activities.

MEMBERSHIP

PHIC provides a forum for information sharing and knowledge transfer assisting partner companies to manage and minimise the impact of industry on the community.

PHIC and its members actively participate in the Port Hedland community and environmental projects

Associate Membership

PHIC Associate Membership

Available to small companies, educational institutions and small service/supply providers.

\$10,000 Cost a year

Criteria

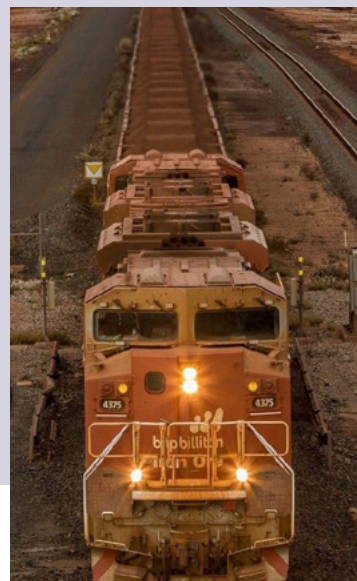

PHIC Associate Members are bound by PHIC's governance standards and must have:

- ✓ A bona fide interest in PHIC's goals, influence and interest.
- ✓ A core business activity relevant to Port Hedland supply chain.
- ✓ Business activities within the Port Hedland region.
- ✓ A genuine commitment to the community and social investment participation for Port Hedland.

PHIC MEMBERS

Advance investment in new technology and proactively share information, experience and knowledge to ensure all operators are implementing best practice in dust mitigation to reduce the impact on the community. Members:

- Are significant contributors to the Western Australia economy
- Provide direct and indirect jobs for the State and the Port Hedland community
- Provide security for people employed directly by operators and security and certainty for local businesses
- Collectively contribute to local and State Government through rates, royalties, taxes, social investment, training and development and infrastructure investment
- Contribute to the scientific understanding of air quality in Port Hedland
- Contribute to the economic understanding of the value of industry to the local, state and national economies
- Work for the common good of industry and the Port Hedland community
- Positively work together to relieve constraints to maximise Port growth

WORKING TOGETHER FOR A SUSTAINABLE FUTURE

The Port of Port Hedland is a vital piece of economic infrastructure for Western Australia and Australia and PHIC is a strong advocate for the Port and its users.

Port users create jobs, invest in social programs and training, support businesses, and pay royalties, rates and taxes that benefit the local, State and national economies.

PHIC member companies provide direct and indirect jobs for the State and the Port Hedland community.

PHIC recognises the shared benefits that will continue to flow if the Port is allowed to grow in a sustainable way.

PHIC is looking forward to working with the WA Planning Commission and other agencies and stakeholders in relation to the implementation of the Improvement Plan and Improvement Scheme for the town's West End.

This is a chance to ensure the ongoing prosperity of Port Hedland industry and to support local jobs and thriving local businesses for the long term.
